Plant Spares*

**Working in partnership with Sunbelt Rentals since 1989**

**We are proud to say we have been supplying Sunbelt Rentals since 1989.**

We first supplied Ashtead Plant Hire, as it was known back then, with engine parts and hydraulic accessories for the Massey Ferguson MF50B. In the early 1990s, this backhoe-loader tractor was a very common sight on all types of construction sites across the UK.

A lot has changed since then, but one thing hasn't, and that's the great working relationship we have with Sunbelt Rentals! We constantly strive to give you our very best levels of service and support and would love to hear from you with any enquiries you may have.

We are now delighted to be supporting you to deliver your workshop improvement programme. We are pleased to be able to supply, through SmartEquip, the ranges of products shown on the following pages.

Our customer support team are always ready to come out to visit you in the depot to discuss your requirements, whether it be for machine parts, consumables or workshop equipment.

# RACKING AND SHELVING

Over the past 30 years we have witnessed the struggles and inefficiencies of poorly managed and disorganised parts stores and are aware of the associated costs these incur. We supply a number of racking and shelving options to organise and streamline your workshop.

## Kompo SmartStor

Kompo SmartStor is the name that has become synonymous in industrial workshops throughout the country for organised storage for parts & consumables.

Kompo SmartStor allows you to hold less stock value and cut wastage of parts redundancy as well as easing the process of parts selection, procurement and shelf replenishment through the flexible nature of the multiple options available.

The ever-growing range of racks, shelves, holders, dispensers and bins all fit together with a unique click-lock system to create the most versatile combination of storage components to improve and organise any workshop.

**Kompö**  
SmartStor

Kompö SmartStor is available exclusively at HTS Spares with special net prices for Sunbelt Rentals. Visit our website to view the full range of components.

- Fully Customisable
- Easy to Assemble
- Heavy Duty
- Cost Effective

### Plastic Compartment Boxes

# FLOOR PAINT AND ACCESSORIES

## Floor Paint

We stock both Polyurethane floor paint and Alkyd floor paint which are very hard-wearing and suitable for use in workshops and factories. Both are available in a range of colours and 'anti-slip grit' can be added in for extra safety.

### Tough Polyurethane Floor Paint

- Designed to protect, seal and colour concrete, wood and stone internal floors
- Provides a tough petrol and oil resistant finish with excellent durability
- Drying Time: Touch dry in 6-8 hours, completely dry in 24 hours.

### Rapid Dry Alkyd Floor Paint

- Single component fast drying, glossy, modified alkyd for use specifically on floors. Offers durability and performance not normally associated with alkyd paint
- Single component, easy to apply
- Fast drying

We have introduced a new range of floor paint, specifically for the Sunbelt Opex Programme. Matched to the RAL colours required.

## Brushes & Rollers

A wide range of brushes and rollers can be found on our website so you are sure to find the best tool to achieve your preferred finish.

## Line Marking Paint

We supply high quality line marking paint in 750ml cans. Available in blue, black, green, orange, red, white and yellow. Ideal for creating zones in a workshop and identifying points of importance.

Ultraline Line Marking Paint For Concrete Surfaces is also available from HTS Spares.

Our full range of floor paint and accessories can be found on our website: [www.htsspares.com](http://www.htsspares.com).

Once logged in, you will be able to view the net prices for Sunbelt Rentals and proceed to checkout through SmartEquip.

## Tapes

We hold a vast range of tapes in stock. From Anti-Slip Safety Grip Tape to Packing Tape, Barrier Warning Tape to Hi-Vis Gaffer Tape.

## Shadow Boards

Our set of shadow boards will help you to organise your sets of cleaning tools. The outlines of the tools marked on the boards allow quick identification of tools that are in use or missing.

Thousands of other Workshop Supplies can be found on our website. If you have any specific requests, please do contact our team on 01432 373350.

## Wheelie Bins

Mobile waste bins manufactured from 30% recycled polyethylene. High durable and weather resistant, these bins comply with BSEN840. Easily manoeuvrable on 200mm wheels and 5 colour options available: Black, Red, Green, Blue and Yellow, all in both 120L or 240L sizes.

**HTS Spares:** Supporting Sunbelt with the delivery of their workshop improvement programme.
